

Expedition Gear

Alloy Recovery Loops

Made of rust free alloy material for heavy duty recovery work.

3/4" "D" Shackle
Essential for attaching a tree strap to winch cable or recovery strap to vehicle.

RNP0120 \$19.00

Recovery Ring
Versatile tool for winching and vehicle recovery. Dimensions are 41/2" x 65/8"

RNR1800 \$25.75

Choke Ring
Allows you to lock on to a chain link. For use with recovery strap or winch.

RNR1756 \$29.00

Pear Ring
Similar to recovery ring in a smaller size. Focuses winch hook or strap shackle to one end.

RNR1753 \$19.50

Slip Hook w/Latch
Absolute finest quality alloy recovery hook available.

RNR1755 \$45.50

Slip Hook
Ideal for working with downed trees. Smooth design, allows chain to tighten without catching on obstacles.

RNR1750 \$21.50

Grab Hook
Locks into chain links to form a non-slip loop of chain. Built in skid guards maintain a firm connection.

RNR1754 \$29.50

Fixed Clevis
Install on the end of your chain and hook combination to create the ultimate in versatility.

RNR1752 \$19.80

Kinetic Recovery Rope

An extremely effective recovery tool that allows you to use vehicle momentum without the sudden shock you would experience from using a chain. You need to actually see it work to believe it. Requires securely fastened recovery hitches for safe use. Highly recommended unit. **KRR001 \$149.00**

pewag

Super Strong 3/8" Alloy Chain
Lightweight and rust proof. Sold by the foot. Choose any combination of recovery ends with any length of 3/8" alloy chain and we will custom assemble it for you. By Pewag of Austria. **RNR1700 \$4.75 per foot**

Superwinch Tree Strap

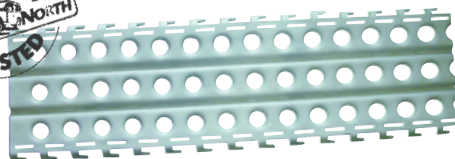

The tree strap will allow you to safely use a tree as a winch anchor point without harming the tree. Using a cable or chain as a winch anchor point will injure and possibly kill a tree. 8' long, 30,000lb capacity. **RNB583 \$47.50**

GRP Honeycomb Waffle Matt Bridges

Glass Reinforced Plastic "waffle" bridges. In boggy conditions the footprint of a tire is increased over ten fold which gives a vast increase in flotation. When load bearing they do 'flex', but return to their original shape when the load is removed. They measure 4'10" L x 14" W. (sold in pairs)

RNW1000 GRP Bridges \$390.00pr.

Perforated Aluminum Platforms
Available new or military surplus. These 5' flotation mats help keep your vehicle moving over soft ground. Made from heavy gauge aluminum, yet only weigh 14 lbs. each. Not intended for use as a bridge but for traction over marshy surfaces.

RNP1004 New 5' \$295.00 pr.
PAP05 Military surplus 5' \$195.00 pr.

Beefy 4"x30' Tow Strap

Truly size does matter. This beefy 4" recovery tow strap is big enough for most extractions. Also available in 2" width. 40,000lb breaking strength. 4"x30'

RNA1430 4"x30' Tow Strap \$69.00
RNA1230 2"x30' Tow Strap \$45.50
